SUMMARY

First-year B.Tech CSE student with a foundation in HTML, CSS and JavaScript, currently building strong problem-solving skills through Data Structures & Algorithms in C++. Hackathon finalist who led a team to the finals, former school Sports Head, and state-level tug of war player. Looking for internships and opportunities to learn and contribute.

EDUCATION

B.Tech, Computer Science & Engineering
JIMS Engineering Management Technical Campus (JEMTEC), Guru Gobind Singh Indraprastha University, Delhi | 2026 - 2030 (expected)

Class XII and Class X, CBSE
Little Flowers Public Sr. Sec. School, Delhi | 2025
Class XII: 73% | Class X: 88%

SKILLS

Core: Data Structures & Algorithms, C++, JavaScript, HTML, CSS
Other: Problem Solving, Teamwork, Leadership

PROJECTS

FieldMind: Offline-First Memory App *(Team lead, hackathon finalist)*
- Led the team that built an app letting field workers store and retrieve information without internet access.
- Uses an on-device vector database (Qdrant Edge) so data stays available offline.
- Developed with AI-assisted tools while learning the stack. Code: github.com/yabhinav1/fieldmind

FieldProof: Environmental Verification Platform *(Hackathon project)*
- Web app that verifies environmental activity from uploaded photos using a vision AI pipeline.
- Built with Next.js, TypeScript, Drizzle/Neon and Cloudinary.
- Gained hands-on exposure to full-stack workflows, databases and image handling.

Weather Whiplash: Racing Track Condition Monitor
- AI-powered computer vision system that classifies racing-track surface condition (Dry, Damp, Wet, Drying) from images and videos.
- Shows prediction confidence, condition trends and tyre/track recommendations on an interactive dashboard.
- Built with JavaScript, a FastAPI backend and a CLIP vision model. Live: weather-whiplash-rust.vercel.app | Code: github.com/tiwarianikettt/weather-whiplash

LEADERSHIP & ACHIEVEMENTS

Sports Head, School Leadership | Little Flowers Public Sr. Sec. School | 2024 - 2025
- Led sports activities as part of the school leadership team and coordinated with teams and teachers.

Team Leader, School Sports Teams | Little Flowers Public Sr. Sec. School
- Led the school basketball, kho-kho and band teams, which went on to win.
- State-level tug of war player; our team finished 2nd on the podium.

CURRENTLY LEARNING

- Data Structures & Algorithms in C++ (main focus)
- Full-stack web development (MERN) after DSA
